## SASKIA

An eighteenth century Dutch dress we uncovered at the V&A museum archive was the inspirational starting point for this new damask style Wide Width Wallpaper.

Available in 10 rich colourways this modern damask interpretation looks thoroughly modern! It can also be scaled very effectively as part of our new bespoke wallpaper service. This offers the opportunity to create a unique background colour, or even commission a tonal colouring of SASKIA. RRP £56.40 per metre.
