TURNER'S TEXTURE

Wallpaper Panels

- TURNER'S TEXTURE comes in A + B panels, printed to the height of your room.
- Ready to install alternately around the room.
- The exception is staircases where this design should only be used with the advice of a confident installer because of the massive 3.6m vertical repeat.

INSTALLATION

- Panels are joined on the wall by the overlap (30mm) and cut-through technique.
- To match the A and B panels there are small brightly coloured registration markers every 60cm.
- These are removed at the cut-through stage.
