

PANELS

Some of our wallpapers were created as panel designs. These are printed to the height of your room and arrive ready to install.

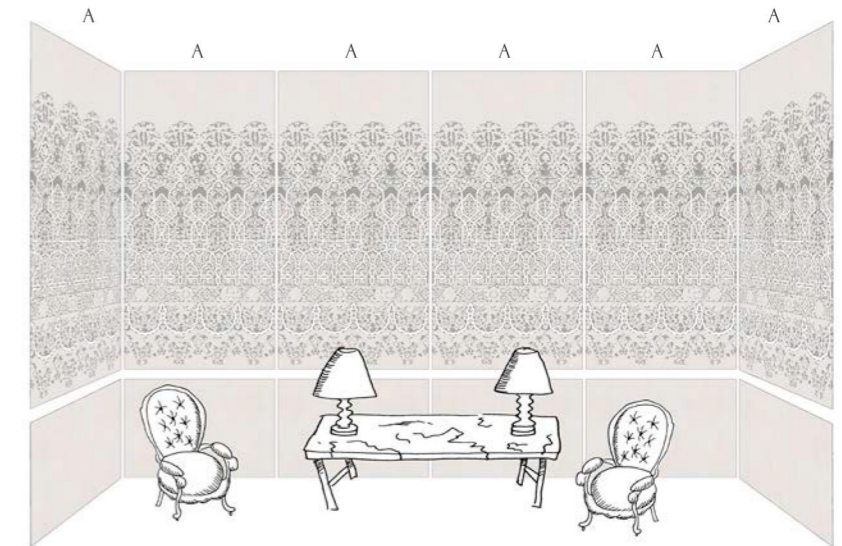

- FORCE 9
- PETRA
- SIKA
- TURNER'S TEXTURE

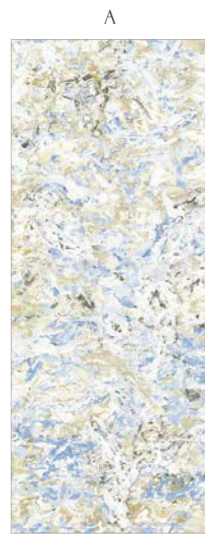

The only exception is staircases - where SIKA and PETRA do not work and TURNER'S TEXTURE and FORCE 9 should only be used with the advice of a confident installer because of their massive 3.5m vertical repeat.

What you may not know is we can print any of our wallpapers as panels - tailor-made to fit your walls - at no extra charge.

- + easy for your installer who just unrolls and hangs.
- + no difficult layout calculations or cutting on site.
- + minimum wastage, particularly on straight repeats.

Easy to request with any order. We just need your measurements.
We can even email the proposed pattern layout if that helps.

CHATEAU is an example of a straight repeat where all panels will be identical.

ADAM'S EDEN is a half drop repeat so panels will come as alternating A and B panels.
